Grading
Requirements will be:

1. A paper, or part of a paper, 10 pages minimum, on a topic related to something covered in the course, due May 9.

2. A presentation of one paper, in class, limited to one class session, with no slides allowed.

Readings
Mostly discussion papers. I’ll upload everything to Blackboard - in the testing stage, but easy to use.

1. General Equilibrium Models with Debt and other Frictions

2. Intermediation and Liquidity

3. Runs

4. Debt and Collateral

5. Adverse Selection and Moral Hazard in Asset Markets
